

# COSS OLP: 5.5 Day Sentinel Certification

## COSS OLP: 5.5 Day Sentinel Certification

The Controller of Site Safety with Overhead Line Permit five and a half day Sentinel Certification course is designed for individuals that need an Overhead Line Permit as well as the Controller of Site Safety certificate. The individual will be over 18, and will be required to protect a group working on or near the line as part of their job role. They will have been selected by their employer for having prior experience and documented processes that show their aptitude in this area.

### Course Content

The course involves one day of Personal Track Safety Certification, four days of Controller of Site Safety training, and half a day of Overhead Line Permit training, with the total course time being five and a half days. These areas will cover health and safety working near and on the track, the rules and standards needed to act as a COSS, and the safety protocols for working on overhead lines. They will also be able to demonstrate their ability to set up a Safe System of Work before staff are allowed to go near and on the line, as a qualified Controller of Site Safety

### Re-certification

Re-certification is available for this course if the individual's certificate is due to expire. The re-certification covers PTS, DCCR, COSS and OLP re-certification. The PTS and DCCR re-certification takes one day, the COSS takes two days, and the OLP takes half a day, with a total of three and a half days needed for the re-certification.

### Sentinel Scheme

The Sentinel system is a scheme from Network Rail that ensures all individuals that work in the railway industry are competent in their job role, and are medically fit to do so. Only approved training providers can deliver this training, with learners being subject to specific criteria they need to fit before being eligible to take part. This will be provided when making a booking, and we will encourage you to thoroughly check the learner meets this criteria before proceeding with the booking.

### Developing U

If you are interested in this course, please contact Developing U directly to discuss pricing and course arrangements. Please state whether the interest is in the full course certification, or the re-certification of an existing individual with the COSS OLP certification.
