

COSS OLP/CRP: Six Day Sentinel Certification

COSS OLP/CRP: Six Day Sentinel Certification

The Controller of Site Safety with Overhead Line Permit/Conductor Rail Permit Six Day Sentinel Certification course is intended for individuals needing to act as a COSS. This course also covers PTS and DCCR re-certification. OLP and CRP initial training is also offered on this course. The individual will be over the age of 18, and be required to protect a group working near or on the line. They will have been selected by their employer based on documented processes showing the individual's aptitude, and their prior experience.

Course Content

The course runs across six working days, with the breakdown as follows: PTS and DCCR recertification over one day; COSS initial training over four days; OLP initial training over half a day; CRP initial training over half a day. By the end of the course, the individual will be able to correctly interpret relevant parts of the rule book and relevant Railway Group Standards whilst acting as a Controller of Site Safety. They will also demonstrate their ability and understanding of setting up a Safe System of Work before any group of staff are allowed to go near or on the line.

Re-certification

Re-certification is available for this course, and can vary in content. Please contact Developing U directly to ensure the individual is placed on the best re-certification course for them.

Sentinel Scheme

The Sentinel system is a scheme from Network Rail that ensures all individuals that work in the railway industry are competent in their job role, and are medically fit to do so. Only approved training providers can deliver this training, with learners being subject to specific criteria they need to fit before being eligible to take part. This will be provided when making a booking, and we will encourage you to thoroughly check the learner meets this criteria before proceeding with the booking.
