

COSS OLP/PC Recertification: Four Day Sentinel Certification

COSS OLP/PC Recertification: Four Day Sentinel Certification

The Controller of Site Safety Overhead Line Permit with Protection Controller Recertification Four Day Sentinel Certification course is designed for individuals who already hold a COSS OLP/PC certificate, but need to get it renewed. This course is run over a period of four days.

Course Content

The course covers the re-certification of PTS and DCCR across one day, the COSS re-certification over two days, the OLP recertification over half a day, and the PC re-certification over half a day. By the end of the re-certification, the individual will be able to demonstrate their ability to correctly interpret the Rule Book and relevant Railway Group Standards whilst acting as a COSS/OLP. They will also be able to demonstrate their ability to set up a safe system of work before any staff are allowed near or on the line.

Re-certification

This course is one of the many options for individuals needing to re-certify their Control of Site Safety certificate. Please get in contact with us directly to make sure this course is suitable for the individuals in question.

Sentinel Scheme

The Sentinel system is a scheme from Network Rail that ensures all individuals that work in the railway industry are competent in their job role, and are medically fit to do so. Only approved training providers can deliver this training, with learners being subject to specific criteria they need to fit before being eligible to take part. This will be provided when making a booking, and we will encourage you to thoroughly check the learner meets this criteria before proceeding with the booking.

Developing U

If you are interested in this course, please contact Developing U directly to discuss pricing and course arrangements, and ensure that this is the best option for them.
