

## **IOSH Managing Safely Course:**

This course aims to ensure that health and safety requirements are appreciated by individuals such as line managers. This will enable them to understand and participate in the effective management of health and safety in their area of responsibility. This course covers how to recognise hazards and assess workplace risks, how to control these risks, how to investigate any incidents that take place, and how to ensure adequate health and safety training is provided to their team, covering legal obligations in the workplace for this type of training.

A practical assessment and a written assessment paper will be completed as part of the course to evaluate the participant's understanding.

## **Who Should Attend?**

This course is suitable for line managers, supervisors, representatives of employee safety and small business owners.

## **Pricing:**

The cost per participant on this course is £450. This covers the three days of training, with a lunch provided each day.

Please note that no refunds will be issued if the participant cancels seven working days before the course start date.
